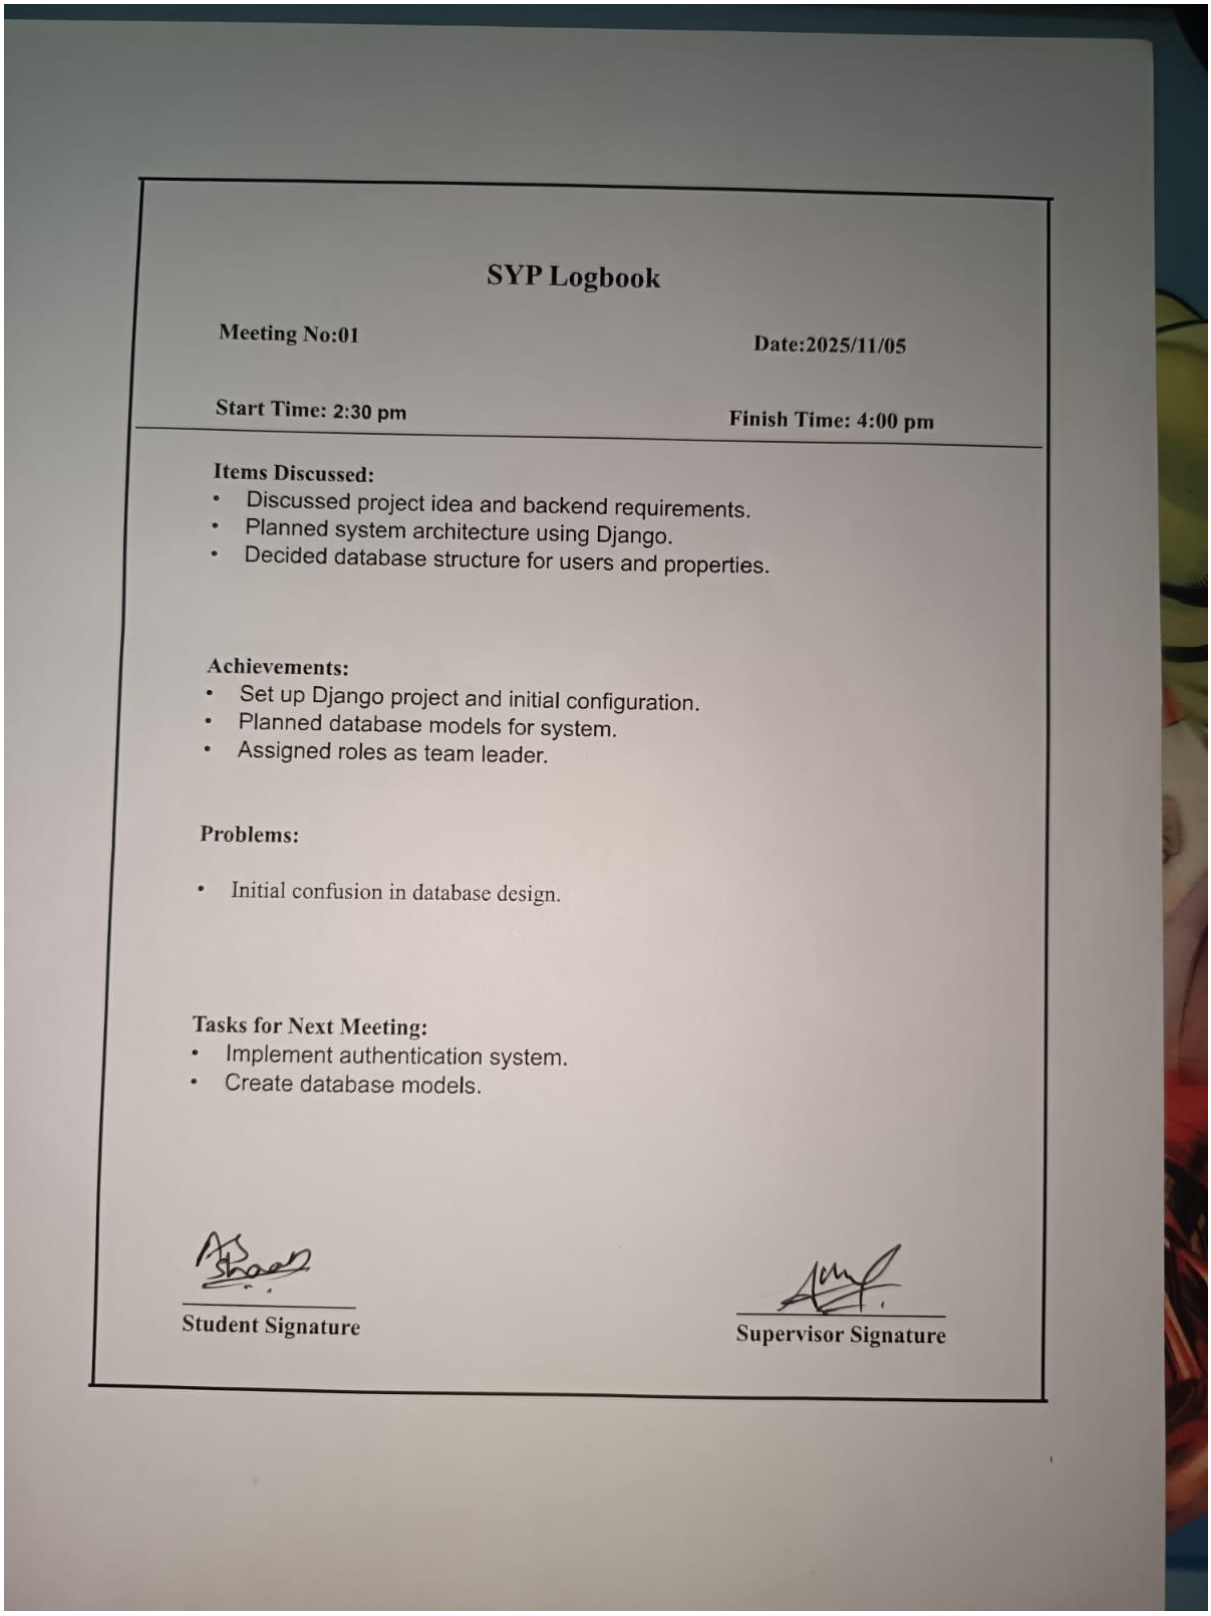
Logbook-1

Aashish Kumar Shah



SYP Logbook

Meeting No:01 **Date:2025/11/05**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:
- Discussed project idea and backend requirements.
- Planned system architecture using Django.
- Decided database structure for users and properties.

Achievements:
- Set up Django project and initial configuration.
- Planned database models for system.
- Assigned roles as team leader.

Problems:
- Initial confusion in database design.

Tasks for Next Meeting:
- Implement authentication system.
- Create database models.

Student Signature **Supervisor Signature**

Abhishek Koirala

SYP Logbook

Meeting No:01 **Date:2025/11/05**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:

- Finalization of Home Rental System project
- Identification of system users and features
- Backend requirements discussion

Achievements:

- Understood backend workflow
- Assisted in planning system modules
- Supported team in requirement analysis

Problems:

- Needed clarity in backend role division

Tasks for Next Meeting:

- Assist in ER Diagram and Use Case Diagram
- Learn Django backend basics

Student Signature **Supervisor Signature**

Anushka Sangroula

SYP Logbook

Meeting No: 01

Date: 2025 -11-05

Start Time: 2:30 PM

Finish Time: 4:00 PM

Items Discussed:

- Introduction to real-time chat systems
- Comparison between WebSockets, Socket.IO, and Django Channels
- Selection of technology for chat implementation.

Achievements:

- Selected Socket.IO for chat system development.
- Understood working of real-time communication.

Problems (if any):

- Confusion between different real-time technologies

Tasks for Next Meeting:

- Set up Socket.IO environment
- Install required libraries

Meeting No: 01 Date: 2025/11/05

Start Time: 2:30 pm Finish Time: 4:00 pm

- **Items Discussed:**
  - Supervisor discussed the methodology and Work Breakdown Structure (WBS).
  - Discussion regarding the tech stack and work division with the team.
  - Received guidelines on the development approach from the SYP supervisor.
- **Achievements:**
  - Divided the work between team memberss.
  - Decided to update progress on GitHub.
- **Problems (if any):**
  - Encountered a small hurdle while dividing the work between members.
- **Tasks for Next Meeting:**
  - Prepare the SYP proposal discussing the development process and approach.

Logbook-2

Aashish Kumar Shah

SYP Logbook

Meeting No:02 **Date:2025/11/12**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:

- Progress of authentication system.
- Structure of Property model in Django.
- Backend logic for user management.

Achievements:

- Implemented signup and login system.
- Created Property model.
- Connected database successfully.

Problems:

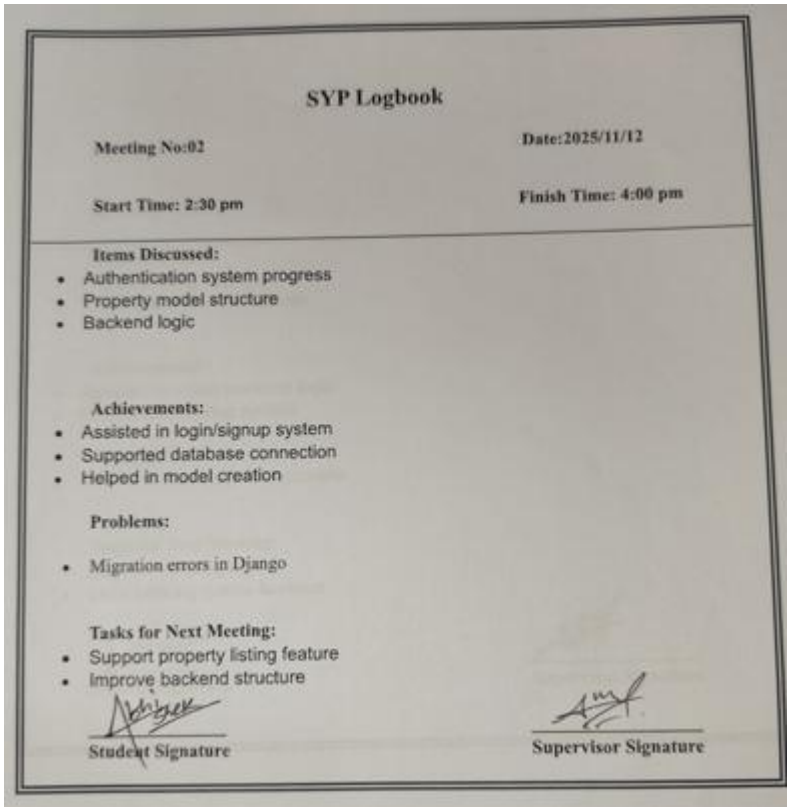
- Faced issues with Django migrations.

Tasks for Next Meeting:

- Implement property listing logic.
- Develop property detail backend.

Student Signature **Supervisor Signature**

Abhishek Koirala



SYP Logbook

Meeting No:02

Date:2025/11/12

Start Time: 2:30 pm

Finish Time: 4:00 pm

Items Discussed:

- Authentication system progress
- Property model structure
- Backend logic

Achievements:

- Assisted in login/signup system
- Supported database connection
- Helped in model creation

Problems:

- Migration errors in Django

Tasks for Next Meeting:

- Support property listing feature
- Improve backend structure

Meeting No: 02 **Date:** 2025 -11-11

Start Time: 2:30 PM **Finish Time:** 4:00 PM

Items Discussed:

- Installation and configuration of Socket.IO
- Backend setup for chat server

Achievements:

- Successfully installed and configured Socket.IO
- Environment ready for development

Problems (if any):

- Minor setup errors during installation

Tasks for Next Meeting:

- Implement basic chat server
- Test connection events

SYP Logbook

Meeting No: 02

Date: 2025/11/11

Start Time: 2:30 pm

Finish Time: 4:00 pm

- **Items Discussed:**
  - Finalizing the project scope for the Home Rental System.
  - Setting up the local development environment for Django.
- **Achievements:**
  - Initialized the Django project and created the main application structure.
  - Set up the GitHub repository for version control as previously decided.
- **Problems (if any):**
  - Minor configuration issues with the Django environment and path settings.
- **Tasks for Next Meeting:**
  - Draft the basic HTML structure for the landing page.

Aashish Kumar Shah

SYP Logbook

Meeting No:03 **Date:2025/11/19**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:
- Backend logic for property listing.
- Integration of frontend with backend.
- Version control using Git.

Achievements:
- Developed property listing functionality.
- Connected views with templates.

Problems:
- Faced errors while git push.

Tasks for Next Meeting:
- Start booking system backend.
- Fix Git issues.

Student Signature **Supervisor Signature**

Abhishek Koirala

SYP Logbook

Meeting No:03 **Date:2025/11/19**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:

- Property listing system
- Filtering and search features

Achievements:

- Assisted in listing backend logic
- Helped test filtering system

Problems:

- Search functionality not accurate

Tasks for Next Meeting:

- **Improve filtering logic**
- **Start booking system backend**

Student Signature **Supervisor Signature**

Anushka Sangroula

SYP Logbook

Meeting No: 03

Date: 2025 -11-19

Start Time: 2:30 PM

Finish Time: 4:00 PM

Items Discussed:

- Development of basic chat server
- Handling user connection and disconnection

Achievements:

- Implemented basic message sending and receiving
- Established real-time communication

Problems (if any):

- Initial message delay issues

Tasks for Next Meeting:

- Integrate chat system with Django backend
- Connect with user authentication

Meeting No: 03

Date: 2025/11/19

Start Time: 2:30 pm

Finish Time: 4:00 pm

- **Items Discussed:**
  - UI/UX requirements for the rental platform layout.
  - Discussion on using Django Template inheritance for a consistent design.
- **Achievements:**
  - Designed the `base.html` template including the navigation bar and footer.
  - Successfully integrated CSS and JavaScript into the Django static directory.
- **Problems (if any):**
  - Issues ensuring the CSS file was properly linked through Django's static files directory.
- **Tasks for Next Meeting:**
  - Develop the Home and Property Listing pages.

Aashish Kumar Shah

SYP Logbook

Meeting No:04 **Date:2025/11/26**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:
- Booking system logic (request, accept, reject).
- Database relations between user and property.

Achievements:
- Implemented booking request system.
- Created booking model and relationships.

Problems:
- Validation issues in booking system.

Tasks for Next Meeting:
- Improve booking validation.
- Add booking approval system.

Student Signature **Supervisor Signature**

Abhishek Koirala

SYP Logbook

Meeting No:04 **Date:2025/11/26**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:

- Booking system
- Landlord approval process

Achievements:

- Assisted in booking feature
- Linked booking with database

Problems:

- Issues with foreign key relationships

Tasks for Next Meeting:

- Fix database issues
- Improve booking workflow

Student Signature **Supervisor Signature**

Anushka Sangroula

SYP Logbook

Meeting No: 04

Date: 2025 -11-26

Start Time: 2:30 PM

Finish Time: 4:00 PM

Items Discussed:

- Integration of chat system with Django
- Linking chat with user accounts

Achievements:

- Chat system connected with logged-in users
- User identification working correctly

Problems (if any):

- Session handling issues

Tasks for Next Meeting:

- Implement chat access control
- Link chat with booking system

Meeting No: 04 Date: 2025/11/26

Start Time: 2:30 pm Finish Time: 4:00 pm

- **Items Discussed:**
  - Best practices for displaying searchable property data.
  - Improving user experience through clean layout design.
- **Achievements:**
  - Created the **Home page** and **Property Listing page**.
  - Used CSS Flexbox to organize property cards for better visualization.
- **Problems (if any):**
  - Difficulty scaling property images to fit cards without distortion.
- **Tasks for Next Meeting:**
  - Implement User Authentication templates (Login and Signup).

SYP Logbook

Meeting No:05

Date:2026/03/04

Start Time: 2:30 pm

Finish Time: 4:00 pm

Items Discussed:

- Booking approval and rejection logic.
- Backend improvements for dashboard

Achievements:

- Implemented booking accept/reject system.
- Improved backend performance.

Problems:

- Minor logic errors in booking flow

Tasks for Next Meeting:

- Integrate chat system logic.
- Research Socket.IO with Django.

Meeting No:05

Date:2026/03/04

Start Time: 2:30 pm

Finish Time: 4:00 pm

Items Discussed:

- Email notification system
- UI and backend connection

Achievements:

- Supported email integration
- Tested notification system

Problems:

- Delay in email delivery

Tasks for Next Meeting:

- Optimize email system
- Research payment system

SYP Logbook

Meeting No: 05

Date: 2026 -03-04

Start Time: 2:30 PM

Finish Time: 4:00 PM

Items Discussed:

- Restricting chat access based on booking status
- Backend logic for enabling chat

Achievements:

- Chat enabled only after booking acceptance
- Successfully integrated booking logic

Problems (if any):

- Difficulty linking booking status with chat

Tasks for Next Meeting:

- Design chat user interface
- Improve frontend interaction

Meeting No: 05

Date: 2026/03/04

Start Time: 2:30 pm

Finish Time: 4:00 pm

- **Items Discussed:**
  - Security considerations for the user login process.
  - Work division for the frontend-backend connection phase.
- **Achievements:**
  - Designed and developed the **Login** and **Signup** pages.
  - Added client-side form validation using JavaScript.
- **Problems (if any):**
  - Difficulty aligning form elements consistently across different browsers.
- **Tasks for Next Meeting:**
  - Enhance site responsiveness for mobile devices.

Aashish Kumar Shah

SYP Logbook

Meeting No:06 **Date:2026/03/11**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

Items Discussed:
- Chat system integration with backend.
- Condition to allow chat only after booking acceptance.

Achievements:
- Implemented backend logic for chat access control.
- Integrated chat with booking system.

Problems:
- Real-time synchronization issues.

Tasks for Next Meeting:
- Fix chat-related backend issues.
- Add payment system backend.

Abhishek Koirala

SYP Logbook

Meeting No:06

Date:2026/03/11

Start Time: 2:30 pm

Finish Time: 4:00 pm

Items Discussed:

- Payment gateway integration
- System security

Achievements:

- Researched payment options (eSewa)
- Understood payment workflow

Problems:

- Difficulty finding free API

Tasks for Next Meeting:

- Finalize payment method
- Assist integration

Meeting No: 06 **Date: 2026/03/11**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

- **Items Discussed:**
  - Supervisor feedback on mobile accessibility.
  - Reviewing the development approach for responsive design.
- **Achievements:**
  - Improved responsiveness across all pages using Media Queries.
  - Optimized the navigation menu for mobile screens.
- **Problems (if any):**
  - Overlapping elements on smaller screen widths (320px).
- **Tasks for Next Meeting:**
  - Transition static HTML content into dynamic Django Templates.

Logbook-7

Aashish Kumar Shah

SYP Logbook

Meeting No:07

Date:2026/03/19

Start Time: 2:30 pm

Finish Time: 4:00 pm

Items Discussed:

- Payment system integration.
- Backend validation for transactions.

Achievements:

- Implemented payment logic.
- Ensured secure transaction handling.
- Completed backend testing.

Problems:

- Minor bugs in payment processing.

Tasks for Next Meeting:

- Final system testing.
- Prepare backend documentation.

Meeting No: 07

Date: 2026/03/18

Start Time: 2:30 pm

Finish Time: 4:00 pm

- **Items Discussed:**
  - Utilizing Django template tags (Jinja-like system) for dynamic data.
  - Reviewing the updated progress on GitHub.
- **Achievements:**
  - Refactored static pages into **Django Templates**.
  - Implemented `{% for %}` loops to display property listings dynamically.
- **Problems (if any):**
  - Syntactical errors when using nested template tags.
- **Tasks for Next Meeting:**
  - Connect the frontend forms to the Django backend logic.

SYP Logbook

Meeting No:08

Date:2026/03/26

Start Time: 2:30 pm

Finish Time: 4:00 pm

Items Discussed:

- Final backend review.
- Verification of all system modules.
- Preparation for submission.

Achievements:

- Completed full backend development.
- All modules integrated successfully.
- System ready for final submission.

Problems:

- Minor issues resolved during testing.

Tasks for Next Meeting:

- Final submission.
- Viva preparation.

Meeting No: 08 **Date: 2026/03/25**

Start Time: 2:30 pm **Finish Time: 4:00 pm**

- **Items Discussed:**
  - Integrating the frontend with backend database models.
  - Ensuring secure data submission through the UI.
- **Achievements:**
  - Connected the Signup and Login forms to the Django authentication backend.
  - Integrated CSRF tokens into all templates for security.
- **Problems (if any):**
  - Handling and displaying backend error messages (e.g., "User already exists") in the frontend.
- **Tasks for Next Meeting:**
  - Perform final UI polish and prepare the project for demonstration.
